

Known Missouri School Closures & Exposures Due to COVID-19

Missouri educators, all school staff, students, and parents deserve to know if their school has an increased risk of exposure to COVID-19. Transparency and preparedness can help reduce the risk. Check back here for updated reports about known COVID-19 Closures & Exposures, as voluntarily reported by individuals. MNEA has no way of independently verifying each instance but has no reason not to trust these reports. To be safe, check with your school for individual verification if your work or learning environment may be impacted.

To report a school closure or exposure, email the information you have to coronavirus@mnea.org. To read most recent report, go to www.mnea.org/coronavirus.

| School | What We Know | Date |
|---|---|--------------------|
| Early Childhood Center, Pattonville Schools | 1 staff tested positive and 3 were asked to quarantine. https://sites.google.com/psdr3.org/psd-covid-19-summary-data/home | October 5-11, 2020 |

| Blair Oaks School District | In an email to parents, Blair Oaks reports: at 9:02 AM on Thursday, September 10, the District was informed that a 7th grade student had tested positive for COVID-19. The District immediately contacted the Cole County Health Department and an investigation began to determine those individuals who may have been in close contact with the individual. A close contact as defined by CDC is being within 6 feet of the positive individual for 15 minutes or longer. Proactive measures from the student, parents, and family were extremely helpful in this situation and to the investigation. The student has not been in attendance at school this week. Based on the date of symptom onset, there was no exposure during school. | 9/10/2020 |

|--------|--------------|------|

| | | |
|---|--|----------|
| Nipher Middle School, Kirkwood School District | Staff member positive reports. | 6-Sep-20 |
| Holland Elementary, Springfield Public Schools | Per the SPS website: Holland Elementary: An individual has tested positive for COVID-19. There are a limited number of direct contacts who will need to quarantine. These individuals have been contacted and provided specific guidance. | 9/6/2020 |
| Monett School District | Monett Times reports: More than 60 students quarantined until Friday. A second student at Monett High School has tested positive for COVID-19 (coronavirus). The student was last at school on Aug. 29, and the case is not related to the first case or a result of community spread at the campus. The student was also masked while on campus. https://www.monett-times.com/story/2833191.html | 9/5/2020 |
| Jeffries Elementary, Springfield Public Schools | Per the SPS website: Jeffries Elementary: Two individuals have tested positive for COVID-19. There are a limited number of direct contacts who will need to quarantine. These individuals have been contacted and provided specific guidance. | 9/5/2020 |
| Clark Elementary, Webster Groves School District | Two staff members tested positive, after working in the building on 9/4/2020. On Tuesday, 9/8/2020, the area where those staff members had worked on Friday was closed for cleaning. It is unclear who was notified about these cases. The school district says they cannot let anyone know about a COVID case unless they meet the “close contact” definition of under 6 feet, unmasked for more than 15 minutes. They say appropriate potential contacts were notified. The rest of the staff (no students in school building currently) was not notified. Very little is known about this exposure as a result. | 9/4/2020 |
| Smith Cotton High School, Sedalia School District | In an email to parents, the Sedalia 200 District reports two members of the high school community have tested positive. The two students and 4 others who were in close contact at lunch are quarantining at home. | 9/4/2020 |
| John Evans Middle School, Potosi Schools | <u>AshLee DeMarinis was just 34 when she died Sunday after three weeks in the hospital. She taught social skills and special education at John Evans Middle School in Potosi.</u> <u>Read more here: https://www.kansascity.com/news/article245607910.html#storylink=cpy</u> <u>https://www.kansascity.com/news/article245607910.html</u> | 9/4/2020 |
| Ray-Pec High School, Ray-Pec Schools | In an email to parents, RP Schools reports: Today, the District learned of two positive COVID-19 cases. One case involves a teacher at Raymore-Peculiar High School. The other case involves a high school student. Both individuals were already in quarantine after exposure to a positive case. | 9/4/2020 |

| Cassville Middle School | <p>The Cassville Democrat reports: About 20 Cassville Middle School students have been quarantined after a student at the campus tested positive for COVID-19.</p> <p>Richard Asbill, Cassville superintendent, said the positive result was received on Aug. 29. “We also know of at least six children who are quarantined as a result of another incident involving siblings and a daycare,” Asbill said. “In total, there are about 10 students in quarantine for non-school-related reasons.” https://www.cassville-democrat.com/story/2833016.html</p> | 9/4/2020 |
| Bolivar High School | <p>KSMU reports: Bolivar High School has moved to virtual learning until September 11th. According to district officials, the move was made “in light of the current health environment at Bolivar High School.”</p> <p>On the district's website, school officials say they’re seeing “many students impacted by the rise in COVID cases at BHS.”</p> <p>Starting September 14th, the high school will transition into what the district calls “Setting 3.” Students at Bolivar High School will move to a blended learning week with half of the student body in class at a time. Fifty percent of students will have in-person learning one day, the other half another day, and there will be three Alternative Instructional Method (AIM) days each week. https://www.ksmu.org/post/bolivar-high-school-changes-learning-plans-due-many-students-impacted-covid-19#stream/0</p> | 9/4/2020 |
| Freemont Elementary, Springfield Public Schools | <p>Per the SPS website: o Fremont Elementary: Two individuals have tested positive for COVID-19. A limited number of direct contacts will need to quarantine. These individuals have been contacted and provided specific guidance.</p> | 9/4/2020 |
| Mallory Early Childhood Center, Springfield Public Schools | <p>Per the SPS website: Mallory Early Childhood Center: An individual has tested positive for COVID-19. A limited number of direct contacts will need to quarantine. These individuals have been contacted and provided specific guidance.</p> | 9/4/2020 |
| Blair Oaks R-II | <p>In an email to parents, Blair Oaks reports: At 11:32 AM on Friday, September 4, the District was informed that a middle school staff member had tested positive for COVID-19. The District immediately contacted the Cole County Health Department and an investigation began to determine those individuals that may have been in close contact with the individual. A close contact as defined by CDC is being within 6 feet of the positive individual for 15 minutes or longer. Proactive steps by the staff member proved to be extremely helpful in the contact investigation. As a result of the investigation, approximately 15 students will be placed on quarantine.</p> | 9/4/2020 |

|--|---|-----------|
| Ozark High School | As reported in the Springfield Newsleader: A student at the Ozark High School has tested positive. The district says this is the first of the school year; further the district explains that when a student tests positive in the future they will notify the families of any students that may be exposed during classes or activities but wont notify the whole district or shut down. Casey Owens, the director of communications said, "The big difference is were only notifying the family members it pertains to so we're not sending school-wide communications to every family...We're not going to send that notification to the media." | 25-Aug-20 |
| Trenton R-9 School District | As reported by KCHI "Several staff members of the Trenton R-9 School district were recently exposed to one or more individuals that have tested positive for COVID-19. As a result, Superintendent Mike Stegman says several staff members are under quarantine for 14 days. Stegman says they've had one person know to have tested positive on their campus. Some of the staff under quarantine may have also been exposed by another source. Those exposed were wearing masks at the time of exposure. He says the staff members should be off the quarantine at the first of September. The district is looking for substitute teachers to fill in for those that will be out due to the quarantine." | 24-Aug-20 |
| Missouri State University | According to the MSU website 141 students have tested positive so far. | 23-Aug-20 |
| Missouri S & T | Reported on Missouri S&T website: A Missouri S&T student has tested positive for COVID-19. The student is in isolation and recovering at his off-campus fraternity residence, Delta Tau Delta. Missouri S&T student health staff are working with public health officials to identify others who have been in contact with the student recently and have initially quarantined nine other fraternity members as a safety precaution. Additional contact tracing is in process. This is the first reported case of a positive test result for a Missouri S&T student. | 21-Aug-20 |
| Creekmoore Elementary, Ray-Pec Schools | According to an email to parents: A Raymore-Peculiar employee has tested positive for COVID-19. This case involves a support staff employee at Creekmoor Elementary School. | 8/21/2020 |

| School | What We Know | Date |
|---|--|---------------------------|
| Monett School District | According to the Monett Times, the Monett school district has notified all its employees and parents/guardians that a staff member tested positive for COVID-19 this week. The district did not identify where the staff member worked or in what area they worked but state the individual properly socially distanced while on campus, and therefore, did not meet the definition of close contact with anyone. The person was also asymptomatic and wore a mask while on campus. | 14-Aug-20 |
| Ozark School District | KY3 reports that as many as 25 staff members are currently on quarantine for a variety of reasons. "With a staff of almost 1,000 employees this is to be expected. Please note that 25 people on quarantine does not equal 25 COVID cases," the district announced in the letter [it sent out]. | 13-Aug-20 |
| Summer Soccer and Football programs, Kirksville School District | A student athlete with symptoms including fever was sent home during the first week of summer football but practice continued for others. At least one student athlete (and a sibling) in the soccer program tested positive for COVID-19 and notified school officials--the scrimmages at practice were suspended for a time but practices continued. It is unclear how long any of these children were quarantined or if they were. | 13-Aug-20 |
| Nutritional Services, Kirksville | Staff and family of staff have tested positive. Staff have been attending meetings and planning sessions to make arrangements for food services during the upcoming year. | 13-Aug-20 |
| Nixa School District | The Nixa School District is letting parents and students know about a person who has tested positive for COVID-19. That individual attended graduation at JQH Arena in Springfield, as well as numerous graduation parties in Nixa and Ozark. Health leaders say the risk for exposure was limited at graduation, but unknown at the parties. The school isn't saying if the person is a student, employee, or community member. | 12-Aug-20 |
| Midway | All Midway athletic and extracurricular activities (including strength & conditioning), as well as the use of indoor athletic facilities, will be suspended beginning Monday, July 27 until Monday Aug 10. | July 27 - August 10, 2020 |
| STRIPES 360 Program, Republic School District | Ky3 reported the district notified parents and staff that a staff member of the STRIPES 360 program has tested positive for COVID-19. At the direction of the Springfield-Greene County Health Department all students and employees who were exposed to the individual who tested positive for COVID-19 have been individually contacted. Those needing to self-isolate and quarantine to help stop the spread have been directed to do so. District sanitation practices were immediately implemented as well. | 10-Aug-20 |
