Elementary students will eat lunch in the classroom or be socially distanced in the cafeteria. MS/HS will vary based on space availability, but social distancing will be required. It is the expectation all students wash hands or use hand sanitizer before and after eating. In addition, desks and tables should be disinfected before and after lunch.

Elementary students will stay with their classmates during recess, given a specific area to play. Various portions of the playground will rotate daily based on a building schedule. MS/HS students who have unstructured time will be supervised by staff. Social distancing measures will be required. If that is not possible or students are unable to stay socially distanced, students may be required to wear masks during this time.

### Equity with Instruction

**Learning Time**

Students will learn to log into their district accounts within the first two weeks of school. Based on age, adult support may be needed. Parents will also be informed of their student's login credentials. Elementary will use print material and building devices for digital access. Students in 6th-12th grade will be issued individual District devices and use Canvas as the primary learning management system, where courses will be housed and students will be able to complete learning activities.

These measures will support the continuation of learning at home if traditional students are required to quarantine or isolate during intermittent times throughout the school year.

---

### Transitioning classes, group projects, close proximity

When students are required to transition from one class to another they will be required to wear a mask in the hallway. In addition, if the teacher has a group project that requires close proximity longer than 15 minutes masks will be required. This is typically seen with hands-on courses that require project-based learning. Otherwise, students will be socially distanced in the classroom as best as possible with assigned seats.

---

### Mask wearing during school day

**Wear mask upon arrival**

- **7:35AM - Dismissal to classroom (Elementary)**
- **8:20AM - Dismissal to classroom (MS/HS)**

Whether students ride a bus, walk, or get dropped off, they will be required to arrive with a mask properly worn. Bus riders will need to have a mask on before boarding the bus. The mask will remain on until the student gets their temperature taken at school.

Elementary doors will open at 7:35am and middle/high school doors will open at 8am. Students who arrive between 7:15-7:35am (elementary) or 8-8:20am (MS/HS) will be required to wear a mask and socially distance in designated common spaces. There will be NO supervision before doors open and students should not arrive beforehand.

**Breakfast**

**Elementary - Breakfast in the Classroom**

MS/HS - Grab & Go or Breakfast Socially Distanced

All elementary students will eat breakfast in the classroom after temperatures are taken. MS/HS will vary based on space availability, but social distancing will be required.

It is the expectation all students wash hands or use hand sanitizer before and after eating. In addition, desks and tables should be disinfected after breakfast.

**Wear mask upon arrival**

- **7:35AM - Dismissal to classroom (Elementary)**
- **8:20AM - Dismissal to classroom (MS/HS)**

**Critical thinking**

This framework was derived after analyzing the logistics of school operations, stakeholder feedback and reviewing the following guidance documents: American Academy of Pediatrics, Harvard Healthy Buildings, and the Centers for Disease Control.

This document is subject to change as the situation evolves.
