MNEA Resolutions

During the MNEA Fall RA, delegates voted to adopt new MNEA Resolutions. The new document combines MNEA’s core beliefs, Legislative Platform, Position Statements, Issue Briefings, and Resolutions into one document that defines the guiding principles of the Association. The MNEA Legislative & Resolutions Committee, Board of Directors, and staff worked to perfect the document over several years. This easy-to-reference resource clearly communicates MNEA’s stance on the issues. Find it at [www.mnea.org/positions](http://www.mnea.org/positions).

School liability in terminations relating to workers' compensation

Workers’ compensation protections are some of the most important laws for helping people who are injured or have contracted an occupational illness at work. If an injury or illness is covered by workers’ compensation, then the employer is responsible for the medical costs, payment for days missed at work, and potentially even monetary payments if the injury leads to permanent disabilities.
