WE ARE MISSOURI NEA.

An affiliate of the 3 million member National Education Association, Missouri NEA offers a membership package second to none. Not only do you get the tools, resources and community of a national organization, but also you are a part of the nation's and state's most powerful voice for public education and the education profession.

HELP WHEN YOU NEED IT

Full-time trained professionals in offices throughout the state are **your front-line defense team** to help deal with a wide range of problems. Call your UniServ director at the first hint of trouble. Many situations can be resolved informally in the early stages when you have an experienced advocate by your side.

MNEA offers **collective bargaining assistance** for your salary, benefits, working conditions and job security. No other organization matches MNEA's expertise and experience on this issue.

LEGAL PERKS

\$4 Million Liability

Educators' employment liability coverage, automatic with membership, includes up to \$4 million in damages and legal fees for the defense of most job-related civil lawsuits and up to \$35,000 reimbursement for attorney fees in defending criminal charges arising out of job-related incidents.

Free Job Protection

- Every probationary teacher-member who is non-renewed has the option of receiving a legal consultation with an attorney to discuss the legal issues surrounding the non-renewal.
- Members who have a child abuse or neglect related complaint filed against them are entitled to legal advice/representation.
- Members who are subpoenaed to appear in court or administrative hearings related to what they might know or have seen in their jobs as teachers are entitled to consultation prior to testimony.
- Every member subject to RIF may receive a consultation with an attorney.
- Members who face challenges to their certification or are facing termination are entitled to legal advice and/or representation.

Defending Your Legal Rights

Through the Unified Legal Services Program, MNEA defends members' legal rights in and out of court. Through its UniServ program, MNEA vigorously defends members' rights.

Laws and school board policies spell out procedures to be followed in termination proceedings. MNEA challenges school districts that violate these procedures or act capriciously.

Members must access the ULSP program through their UniServ directors.

Free and Discounted Personal Legal Services

Members also get two free half-hour consultations with an attorney each year for personal matters, such as traffic violations, consumer protection, domestic relations, real estate issues and wills and estates. Additional time needed beyond your "free" time on these issues is billed to you at a 30 percent discount.

Visit mnea.org/arp for a complete, up-to-date list of participants in the MNEA Attorney Referral Program.

For one low annual fee of \$225, Missouri NEA members may take one course each term (fall, spring and summer) to complete up to three graduate courses in 12 months. Each course is two or three graduate credit hours. Choose from 35 self-paced, online courses for professional growth or salary advancement. MNEA partners with Central Methodist University and Virtual Education Software to offer these courses. We recommend members check with their school districts to be sure these courses will be accepted for salary-schedule credit before signing up.

Courses address diversity, aggressive behavior, advanced classroom management, specific content areas, traumatized children, educational assessment, inclusion, and specific learning needs, such as attention deficit hyperactivity disorder, talented and gifted, autism, and more.

Without you, education wouldn't happen. But these days it's getting harder and harder to do your job. School budgets are stretched to the breaking point, and you're expected to do more with less. Your association knows what you're up against and keeps you connected to your profession, to your peers and to your community.
