

Meet NEA Member Benefits

WHO?

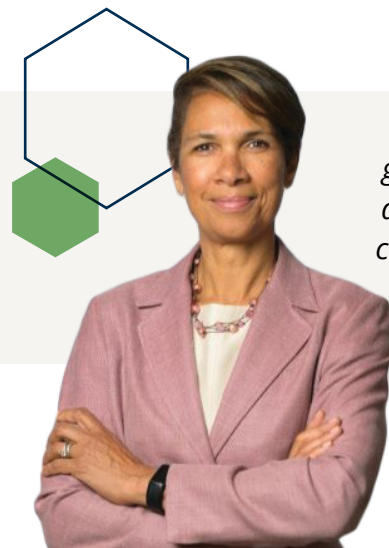

We are here to serve and support NEA members with access to a variety of benefits that maximize their membership and enrich their lives.

WHAT?

We offer benefits designed with our members' needs in mind, aimed at helping them do more and save more.

HOW?

Our membership is 3 million strong, so we have the leverage to work with partners to offer benefits, products and services to support our members through every stage and phase of life.

"We are here for members, standing beside them in their moments of greatest need—whether it's finding relief from student debt or natural disasters. More than just offering support, we strive to create a lasting connection—one that makes every member feel truly seen, valued and uplifted. We want each member to know that they are respected, supported, and part of something greater than themselves."

— Leona Lindner, President & Chief Executive Officer
